Synergy-Patio is an unvented infrared outdoor space heater suitable for residential or commercial installations. Synergy-Patio is made of aluminized steel coated with a high temperature black all weather protective coating. Stainless steel is also available. Propane or natural gas with 24 volt controls, automatic spark ignition, with a 3 trial ignition sequence, and 100% shut off in case of ignition failure for safety.

All components are made in North America and backed by a full 4 year warranty.

WIRELESS HANDHELD REMOTE CONTROLS AND 24V WALL MOUNTED CONTROLS ARE AVAILABLE AS AN OPTION

THE SUN NEVER SETS WITH THE SYNERGY PATIO HEATER
